

Laura Bates

Inaugural winner, 'Whiny Woman of the Month'

Justice for men & boys (and the women who love them) is pleased to present the inaugural 'Whiny Woman of the Month' award to Laura Bates, the founder and still the driving force behind The Everyday Sexism Project <http://everydaysexism.com> in appreciation of her success in collecting so many stories from whiny women and girls. She's now a member of The Whine Club. For stories from the victims of *serious* sexism, we recommend The Alternative Sexism Project <http://thealternativesexismproject.wordpress.com>.
