

Anthony J Corniche III

Quentin Tarantino Award for Directing Excellence (2019)

The Men’s Rights Movement is pleased to present the 2019 Quentin Tarantino Award for Directing Excellence to the celebrated British director Anthony J Corniche III – known to everyone as “Tom” – for his extensive body of work supporting the movement. The judges were particularly impressed with his filming and editing of the presentations at the last three International Conferences on Men’s Issues – London (2016),¹ Gold Coast, Australia (2017),² and London again (2018).³ Tom is committed to filming the presentations at this Chicago conference,⁴ and the next two conferences, in Australia and North America. He has never been paid for his work for the movement, despite his repeated *demands* for payment.

Tom has a weakness for Jack Daniels and Coke, ideally a double. We encourage you to offer him a drink, but in the light of previous unfortunate experiences, only *after* he’s finished work for the day.
